

***Nanotechnology Developments and
Commercialization Activities in
Ohio***

AKRON / CLEVELAND SECTION SPE
MINI TECHNICAL CONFERENCE

UNIVERSITY of AKRON
MARTIN CENTER
OCTOBER 17, 2011

Monday---- Noon til 5:30 Reception- Table top Displays and Literature

**Design Development & Production of Nano-enhanced Composites &
Polymers
Art Fritts- NanoSpere**

**The Synergistic Effect of Nanoparticles in FR PU Foam
Debra Talentino- Composite Technical Services**

In Situ Nanophosphor Containing Polymer Films

Stan Prybyla- Breakthrough Technology Development, Inc.

**Dispersion Processing of Thermoplastic Nanocomposites; Review
and Status
Joe Golba- PolyOne**

**Ultrasonic manufacturing of rigid and soft nanocomposites
containing various nanofillers
Avraam Isayev- University of Akron**

**Structural-Plus Composites through Use of Carbon Nanofibers.
Carla Leer- Applied Sciences Inc.**

**Nanocomposites in Wind Turbine Blades
Ica Manas Zloczower- Case Western Reserve University**

**Panel Discussion- Panel of Experts in Materials/ Processing and
Applications**

Contact Akron Section Cost-\$ 80.00 Attendee

Company Display \$100.00
